BoneStation Client Specifications

For Version 3.0.1 and newer

Browsers

- IE9, IE10, IE11 (in compatibility mode)
- Microsoft Edge
- Firefox
- Chrome
- Safari

Newer (HTML5) browsers required for optional image viewer, which allows for adjusting contrast and brightness of VFA scans.

Operating Systems

Most operating systems that have a supported browser will work, including:

- Windows (7/8/10)
- Mac OSX
- iOS 11 and newer
- Android

Display

- 1024x768 minimum resolution
- 16 bit color or better

Network

Network connection required. Minimum suggested bandwidth is 256kb.
